

RiteChoice Dog Agility Tunnels are made in the USA at our own manufacturing facility and made of the highest quality materials. With proper care and storage, these products will hold their form for many years of trouble-free enjoyment. Thanks to our meticulous quality control and customer-centered service, your dogs will get exactly what they need.

RiteChoice Dog Tunnel - Yellow / Blue

Take your dog's agility to the next level with RiteChoice Dog Tunnels. Our tunnels use a 14 oz. medium-duty PVC-coated fabric, meticulously welded to ensure weather, fade, and scuff resistance. Reinforced with thick spiral wire, this tunnel is light, reliably tough, and allows for maximum flexibility. The 24 in. standard diameter is ideal for most sized dogs and can be used indoors and outdoors.

Diameter:	24 in. Standard
Pitch:	4 or 6 in.
Length:	4ft, 12ft, 15ft, 20ft

Tunnel Bags

RiteChoice Dog Agility Tunnel Bags hold your Dog Agility Tunnels securely in place on all surfaces without staking. It's important to stabilize your tunnel for safety and the most efficient use. These bags can be used with any RiteChoice Tunnel on grass, turf, matting, sand or any hard surface. Just fill the bags with sand, hang over the top of your tunnel, and you're set.

Applications:	Indoor and Outdoor
Volume:	30-35lb of Sand
Closure:	Hook and Loop
Fabric Color:	Blue
Kit:	2 Bags

Indoor / Outdoor
